## Sellers School Sold, Seals New Principal

Sale of the old Sellers School building to Oren Seals, science instructor at North Central, as principal at Gulfview School, was one of the major items of business discussed by the county board of education at a meeting Saturday morning.

## Carver To Head Retarded Group

Warren Carver was elected president of the Hancock County board for Retarded Children at a formal organization meeting Monday night in the county board education office.

Lloyd Lewis was named first vice president; Mrs. Norton as second vice president; Mrs. Elus Depree, treasurer, and Mrs. Bertha Grant, recording secretary.

City Votes  
Purchase of  
Chlorinator

Chlorination of Bay St. Louis water supply moved along Monday when the Hancock County Board of Commissioners voted to purchase a chlorinator from the American Water Works Association for \$1,000.

Council also voted the purchase of a 1,000 pound capacity chlorine supply scale after Phil H. Thompson representative of the amount of chemical in the chlorinator at any specific time.

Others present were Frank Taconi and Fred Fayard, American Legion; George Heitzmann, Knights of Columbus; Mrs. Louis Moreau, Mrs. Carver, Sheriff Gerald Price, Gerald Price, Jr., County Agent O. O. Swords and Mrs. Joseph Scharrif.

Pecans or Parking?  
The question injected one note of levity to the board of supervisors' otherwise somber session Monday.

It came up when Administrator Thomas O. Logue of Hancock General Hospital asked to use the \$1,449 left in the hospital building fund to pave a parking area at the side of the structure and provide additional vehicular space in front for diagonal parking off Dunbar Avenue.

Logue agreed to check with agricultural authorities on potential tree damage from the work

chairman, called for action on the bid received June 5 from Robert Shaw, Jr., for \$8,400. The vote was 4-1, Logue's Necaise of Beat 3 dissenting.

Murphy cautioned that the property is depreciating each month except for the land and urged his colleagues to take some action.

Trustee S. P. Powell of Beat 4 finally agreed to second the motion after being assured by Walter James Phillips, attorney for the board, that proceeds from the sale could be placed in a building fund to provide some relief of Gulfview's overcrowded conditions.

Ed P. Ortte of Beat 5, newest member of the board, expressed some concern about the transaction, observing that while the property is not now being used it should be taken care of. "We'll be selling this school building at 10 per cent of what it cost," he cautioned, "we should think about it if we had to rebuild."

Keller, in offering his motion, noted it was the best bid yet received and Ortte reiterated his plea for better business practices, arguing that the board should require a certified check with all bids. Murphy and Superintendent K. G. McCarty replied there had never been any trouble getting the money from bidders.

Powell, meanwhile, inquired of McCarty what his view was on the sale. The superintendent replied the property had been advertised several times and Shaw's price was the best bid.

Powell's comments on Gulfview's space problems prompted Ortte to note that that school district is growing in the light of the New Orleans school situation. He observed that with the present composition of the population in the area it should remain an all-white school for many years. Phillips noted that state's attendance requirements which have stymied expansion in the past, saying he understood the State Education Finance Commission required 240 pupils before it would approve capital outlay with state funds. He advised that 16th Section funds probably could be used for the bus garage the board has been talking of establishing at North Central.

McCarty asked him to check (Cont. on Page 7.)

High winds and torrential rains flooded streets, tore limbs from trees and poured in homes in low lying areas here Monday afternoon but no heavy property damage has been reported.

Brother Roderick, of the St. Stanislaus weather station recorded 6.5 inches of rain during the 12-hour period. Same amount was recorded at Rocky Hill tower.

Yachtsmen with boats moored at Bay Waveland Yacht Club clocked winds with gusts up to 45-60 miles per hour. One boat a 14-foot Lyman speed hull owned by Ewell Egan of New Orleans, and a GP-14 sailboat owned by Capt. John W. Clark was blown from its trailer but not damaged.

A wooden culvert on Second Street near Mrs. Edwina Osborne's home collapsed under the strain of the downpour. It was agreed that attempts to repair the culvert were only temporarily successful and 36-inch concrete piping will be installed.

Council moved to get W. R. Holden of Memphis, Tenn., owner of the old Ghering home on North Beach Boulevard to clear that property. The overgrowth of weeds is in violation of City Ordinance 45, and repeated notification to this effect has brought no response from Holden. The city will clean the area after a prescribed 10-day waiting period, adding the cost to Holden.

Fourth of July  
Fair Moves to  
Legion Beach

The American Legion's annual Fourth of July fair will be held this year on the Legion beach rather than at the foot of Municipal Pier as in the past, John Rutherford, chairman, announced this week. The new location will provide public rest rooms and a shelter area.

An assortment of entertainment and giant fireworks display will be features of the event July 1 and 2. Rutherford asked donors of homemade cakes to call him at HD-7-4244. Workers also will be needed.

Proceeds go for the Legion's Christmas party for county children.

Investigating officers, Lt. Robert Parker and Sgt. Hugh Broach of the Harrison County sheriff's department, reported both cars were rounding a slight curve when the accident occurred. Waage told the officers he was blinded by oncoming lights.

Final rites for the baby were at 3 p.m. Monday at St. Williams Church in Fenton with Rev. Wilfred Upson of Our Lady of the Snows Seminary officiating. Interment was in Rotten Bayou Cemetery.

## City Views Drain Woes, Pushes for Waterworks

Problems arising from Monday's heavy rainfall and plans to proceed with the proposed waterworks program for Bay St. Louis occupied by bulk of City Commission Council's meeting Tuesday.

Mayor John Scaife arranged with Bill Johnson of Jackson, consulting engineer, to come here late next week to help get plans underway. Council tabbed the program as imperative.

Rainfall headaches included a washout on Dunbar Avenue near Highland Drive which council agreed to fill until water in the culverts recedes enough to get workers in. Minor washouts on Third Street near Christ Episcopal Day School were also taken care of.

A wooden culvert on Second Street near Mrs. Edwina Osborne's home collapsed under the strain of the downpour. It was agreed that attempts to repair the culvert were only temporarily successful and 36-inch concrete piping will be installed.

## Prisoner Costs Eyed

The cost of maintaining the heavy prisoner population at the Hancock County jail was labeled by the board of supervisors Monday as one of the principal drains on the county general fund, now bankrupt with four months remaining in the current fiscal year.

Because of the bleak financial picture, Beat 2 Supervisor L. M. Frierson moved at the conclusion of the session to hold all county bills for payment until the next meeting, scheduled for 9 a.m. next Monday, the same procedure followed when the board first convened in June.

Clerk Claiborne Lader was directed to request the state auditors now compiling the 1959-60 audit to provide itemized statements on every office in the Courthouse as promptly as possible to assist the supervisors in their investigation. Beat 5 R. G. Hubbard, Jr., board president, observed the supervisors pay the auditors and should be able to get this information promptly. Both he and Lader emphasized the importance of living within the budget.

Lader volunteered at the onset of the discussion of finances to get the 1958 audit and check it against operations of the last three months or any three-month period the board wanted.

At that stage James Necaise, Beat 4 member, reported he had checked the records of the administrations of Sheriffs John Egloff and Sylvan J. Lader, Jr., and their annual prisoner costs never ran much over \$3,000. "Now one month is costing us \$1,400," he declared. "I know what was spent because I was a deputy under Sylvan," he added.

Hubbard countered that he had tried to get the other elected county officials before the board to talk finances and been told the

board could not call them. "I still think you can if you will read the law," he asserted. "...we're at a stage we've got to let friendship ride." He contended that in prisoner costs alone the county was spending \$12,000 more a year than it had been in the past which was eating well into the general fund.

"Should we call the judge or the district attorney in?" Necaise inquired.

When Lader produced the 1958 fiscal year audit along with other more recent bills, the board checked over the prisoner costs which totaled \$3,667.36 and found this breakdown: food, \$2,827; clothes, \$19.47; transportation, \$438.14; medical, \$303.75, and miscellaneous, \$79.

The clerk then cited April, 1961, with 757 prisoner days at (Cont. on Page 6.)

## Baby Dead in Crash, Mother Badly Hurt

The two-week old infant daughter of a former teacher at Hancock North Central was fatally injured about 7:30 p.m. Sunday in a two car collision on the Pineville-Delisle Road North of Pass Christian.

Dead on arrival at Memorial Hospital in Gulfport was Cynthia Marie Lader, daughter of Mr. and Mrs. Clement Lader, of Rt. 1, Pass Christian.

Mrs. Lader, 29, suffered severe lacerations of the face and skull and a leg fracture and was listed Wednesday in critical condition. The baby's father is under treatment for head injuries and facial cuts while the driver of the other car, Robert Waage, 14, Rt. 1, Long Beach, received bruises of the eyes and leg injuries.

Waage is charged with manslaughter, reckless driving and driving without a license.

Investigating officers, Lt. Robert Parker and Sgt. Hugh Broach of the Harrison County sheriff's department, reported both cars were rounding a slight curve when the accident occurred. Waage told the officers he was blinded by oncoming lights.

Final rites for the baby were at 3 p.m. Monday at St. Williams Church in Fenton with Rev. Wilfred Upson of Our Lady of the Snows Seminary officiating. Interment was in Rotten Bayou Cemetery.

## Blame Wet Highways In Weekend Mishaps

Four wrecks kept police busy this week with three caused by rain slick highways.

Chief Deputy Sheriff R. H. Coleman and Deputy James Favre reported a four-car chain collision in which no one was injured about 2 a.m. Monday on U. S. 90 about four miles west of Rt. 43.

Drivers and their cars were J. K. Long, a Texan, 1950 Pontiac; Kessler Airman R. T. Foote, 1954 Chevrolet; R. V. Dunlap, Fairfield, Calif., 1959 Oldsmobile; T. Gibson, Clermont Harbor, 1959 Plymouth, with the collisions occurring in that order after the Long car stalled.

Damages were listed by Bernard Piazza whose wrecker towed them in as \$550 to the Oldsmobile; \$750 to the Plymouth; total loss to the Chevrolet and \$100 to the Plymouth.

No charges were filed.

Joseph Samuel of Waveland escaped with minor injuries shortly after 7 a.m. Monday on U. S. 90 near Nicholson Avenue when a trailer broke loose from a truck and struck the left side of his car demolishing it.

## Workable Program Approved

Commission Council unanimously voted Wednesday to adopt a so-called Workable Program amounting to a declaration of intention concerning future action by the city. Details, some presumably to be formally made into an ordinance later, include such items as building codes, city administration and finances plus a comprehensive planning program.

A Workable Program is required under federal law for a community to qualify for some forms of financial aid for urban renewal and council's action was designed to make Bay St. Louis eligible for additional assistance, particularly in the field of low-cost housing. Under a previous resolution council had considered the adoption of such a program, saying that the advantages of this action did not place the city "in a corner."

Allied with this program was (Cont. on Page 6.)

## Merchants Bank Opens County's First Drive-In

Waveland's first banking facility, a drive-in branch of Merchants Bank and Trust Co., will formally open next Thursday, June 29. Dr. M. J. Wolfe, president of the bank, will be on hand for the ceremonies with Mayor Garfield Lader of Waveland making the first deposit. Regular business is scheduled to commence at 8:30 a.m. the next day.

Located on Coleman Avenue, the new banking facility is also the first drive-in type in Hancock County and the only branch of Merchants Bank which was established in 1903. Bank officials explained to the Echo that much of their business was with Waveland businesses and officials and the new addition was designed to provide the people in that area with better service.

### At Waveland

Despite definitely Aprilish weather, showers, showers and more showers, the holiday atmosphere prevails around our town. The caravan of cars laden with luggage, towing boats and trailers of all sizes and descriptions has Beach Blvd. travel slowed to the proverbial snail's pace, which is just as well perhaps as the seawall is lined with kids from 8 to 80 any of whom are apt to dart across the thoroughfare at a moment's notice. Drivers who are in a rush can be heard muttering faint epithets, but just about everyone else joins in this spirit of resort living, relaxes and has fun with the tourists.

### Good Water News

Might as well begin with the glad tidings that residents of Vacation Lane and Gordon Street now boast a new three-inch water pipe which should relieve the water shortage in that sector.

Wedding anniversaries have been celebrated all over town. Mr. and Mrs. Gaston Darrell observed their golden anniversary at Leland in New Orleans June 11. Mr. and Mrs. Walter Sells attended the affair. Mr. and Mrs. Earl Jones hosted a reception on their silver anniversary Sunday at their home on Bayou LeCroux Road. Congratulations to the Toomeys, Gertrude and Jack... Friday, June 16, was their 10th.

Happy birthday wishes go to Belle (Mrs. Charles) Peterson -- she celebrated Sunday and to Gayle DeWelle Webb -- her birthday was June 20.

Regretful farewell messages to Gladys and Paul Kimbrell -- they're moving to New Orleans; to the J. T. Boyds of Chadwick Lane, they too are Crescent City bound -- the Robert McCutchons, they'll live in the Bay -- we want to welcome John and Milton Blumstein who have purchased the McCutcheon home, they'll be summer and weekend visitors and will take possession Aug. 1. Goodby temporarily too, to Mr. and Mrs. John Halsey who will summer in Connecticut instead of Waveland this season. Welcome to Mr. and Mrs. W. A. Copeland and sons of Memphis, Tenn. They arrive for two weeks June 24th.

### Visitors to Our Town

Mr. and Mrs. Charles Costello enjoyed two weeks at their home on St. Joseph--Mr. and Mrs. Lewis Huff were Sunday guests at the Irish Pine. Visiting the Herlithys, Ora May and Connie last Tuesday and Wednesday were Clarisse White and daughter, Sally, Sevilla Finley and seven-month-old son, Jimmy.

Bud and Mary Claire Pearson (nee Zimmerman) spent the weekend in Waveland on their return from a Mexican vacation--while here Bud visited two of his railroad buddies--Bradley Mazarakis and Lambert Borgeas. Lola Lemkovitz, a Texas gal, is the guest of her cousin Gerri Blanchard and husband Sam. Lola drove young brother Huck from Brownsville to enable him to attend Stanislaus Camp with Chip. Note to all young men--Lola's 22, about five-feet tall, big brown eyes, black hair and WDWI Following her graduation from college last year she taught speech at junior high. She leaves for Puerto Rico Saturday where she'll spend three weeks, then return to Waveland for another visit.

Mrs. Henry Stiller of Waveland Heights has returned from Houston, Tex., where she visited her daughter and family there.

Weekend guests of Mr. and Mrs. U. N. Durbin were Mr. and Mrs. Joseph Eble, Jr., and children John and Cindy and Mrs. Camille Barker of San Pedro, Calif., and Mrs. J. B. Eble, Miss Loretta Eble and Miss Tessie Herman, all of New Orleans.

Another weekend visitor was Chris Bell who was busy renewing acquaintances from his Waveland School days.

Mr. and Mrs. Louis Gruntz hope to spend some time at their summer home--they haven't been to Waveland since January--Mrs. Gruntz was busy helping nurse her brother-in-law, who suffered a heart attack and more recently she's been caring for Louis, Jr., who was hospitalized also.

Mr. and Mrs. Allen Hickey weekendend in Waveland as did former residents, Beverly and Bernice Donner and their SIX children.

### Summer Commuters

Carmen and Dan Kirschenheuter and the little ones have settled down for the summer in their Clermont Harbor home--Dan commutes to his law office daily. Their neighbors, the Freddie Gersmers, would also be here for the summer except for the fact that daughter-in-law, Mrs. Lionel Gersmer, underwent major surgery in Baptist Hospital Friday--she's recuperating nicely and they hope to arrive next weekend--Mr. Freddie just couldn't stay away--he drove over with a friend Sunday. We have a report on their beehive--Joe Perkins removed same, but the bees returned and they had to resort to calling in an exterminator--the bees were taken over.

Claire and A. J. Frey are vacationing in the Bay this summer--Doris and Jake Klotz are summering at their Clermont Harbor home--Doris will travel to Houston next month to do a bit of bowling. One of the largest and loveliest recent weddings was that of Gaydell Cue and Curt Beyer which was impressively solemnized at OLG at high noon Saturday. Gaydell was a beautiful bride in her gown of ivory satin and mamma, Jessie, was lovely in beige linen and lace with a most becoming flowered chapeau. The young couple is presently enjoying a three-week honeymoon in Nassau. Must add that Joe Benvenuti and Walter James Phillips were most handsome in their correct morning full dress.

Visiting Mr. and Mrs. Alfred Zeigler at their home on Waveland Ave. are Mr. and Mrs. Gilbert J. Klumb and son Bobby who hail from Charleston, S. C.

### New Babies

Thelma Landry and Ann Shippey are proud grandmas--Barbara and Jimmy's first born arrived prematurely last Thursday p.m. The event occurred just a little over 24 hours after Ann had departed for New York--we're not sure but have a hunch that she'll be admiring her new grandson before we go to press. Mamma and baby are doing fine. Frequent visitors Claire and David Eide of New Orleans welcomed little David Lawrence, Jr., who weighed 7 lbs and 6 oz. when he arrived at a New Orleans hospital last Tuesday.

### Sick Notes

John Sick has returned to his home in Cedar Point after being in the Veterans Hospital following a heart attack. Get well wishes to Mary Alice (Mrs. Jos.) Benvenuti who has been under the weather for several weeks, to A. D. Dorn, Jr., who removed parts of a couple

## Fooling Us? No.

Just about all of us would like to blame someone else when we make a mistake in judgment, forget something or just plain pull a booboo. Hancock County's Board of Supervisors is no exception, but at its meeting Monday the members added another booboo in making an excuse — they apparently forgot people could read. We refer to their, without vocal dissent, view that the \$22,000 or so the county general fund is behind is due to the expenses of the sheriff's office for food for prisoners, etc.

The facts are that these expenses, not including transportation, for the first five months of this calendar year, as distinguished from the fiscal year which starts Oct. 1, are only \$630.55 more than last year, and the supervisors knew Sheriff Gerald Price's policy on prisoners when they adopted their budget last year.

The additional cost for service officers that the board voted 3-2 last January amounts to more than the increase in cost of prisoners. The excessive number of jurors named by the individual supervisors (one listed a major part of the voters in his beat) cost the general fund more than the increase in cost of prisoners.

The general fund of Hancock County is bankrupt because of poor estimates by the supervisors in setting the budget and even more because of unwise, frivolous and excessive spending by the board.

Gentlemen of the board of supervisors, please stop trying to fool us taxpayers. Some of us can read and have memories.

## Letters to The Editor

Editor, Sea Coast Echo:  
I think that the meters should be kept in Bay St. Louis and new ones should be put up in front of other business places. What little it costs should not be gripped about by people because when you go to Gulfport, Biloxi or New Orleans it costs a lot more. I also think that the money made should be used to build a bigger park with a swimming pool for the children of the city.

Sincerely yours,  
Donald Nelson  
Bay St. Louis

## Play Postponed

## Where Do We Park?

### Teen times

Everyone seems to be so busy it's difficult to keep a close check on what is going on. Many members of the younger set are vacationing with their parents — others have summer jobs. Swimming, fishing and sailing keep still others busy — Judy Wilday is taking sailing lessons. Jimmy Mayfield spends much of his spare time fishing — he caught some lovely flounders last week — brother Tom is still horsing around — literally — he's riding in horse shows almost every weekend as are Kathy Cook, Kathy Saux, Linda Weidemeyer and Ann Ballant.

The Lynches, Martha and Amy and Mary Lou Herlihy are continuing their sewing lessons. Christy Torgerson, Lynn Plquet and Karen Lewis are busy teaching their beautiful sons. Lynn Rose is enjoying her Rodeo Princess duties. Peggy Bordages has been visiting in New Orleans. Ann Procter, Maria Peterson and Betty Smith are occupied with the Clermont-Lakeshore Youth Center — dances for the teen-age group are to be held on Wednesday and Saturday nights during the summer months.

Peggy Garcia returns from summer school in New Orleans each weekend to assist them. Diana Ledner, who works in the Crescent City, is another who spends most of her weekends helping at the Youth Center. Delta Jacob, a freshman at Loyola, is concentrating on her sun-tan when she's not helping her parents in the Bobby Ann Bakery — Jeanne Larroun, also a Loyola student, is summering at the Echo — taking up where she left off last vacation.

Steve Steffel is a bowling and sailing enthusiast. Malvin (Buddie) Wilson (college bound in the fall) and Freddie Bourgeois, P. R. C. student, are limbering up their muscles working for the Town of Waveland. Sharon Piazza left Friday for Louisville, Ky., where she's to be the guest of her uncle, Albert, and new bride.

Excitement is mounting over the Miss Bay St. Louis contest. Rose Ann Thomas is a contestant. We'll send condolences to Susan Clark — one of her pet rabbits, James, passed away last week — however she has eight others to fill the void. All Girl Scouts and Brownies who attended Live Oak Day Camp last week report a wonderful time.

Jimmy Giamato, who'll be a senior at Bay High come August 29, is also working at the Echo — Jimmy's car looks like new with the shiny blue re-paint job. Jimmy spends what spare time he can find fishing, or at least talking about it.

### Shipwreck Party Set at Yacht Club

Annual shipwreck party at Bay-Waveland Yacht Club is scheduled from 9:30 p.m. to 1:30 a.m. Saturday, July 1. Admission will be \$3 per couple and prizes will be awarded for the best costumes.

Released from Hancock General last week following a series of tests, J. C. Perkins, who is a dental technician in the Army, is spending a 30-day leave with his parents, Mr. and Mrs. Joe Perkins, at their home in Clermont Harbor. J. C., who is awaiting overseas orders, probably to Germany, has been doing quite a bit of floundering — he caught 16 last Tuesday night.

Becky Perkins is now working at the Sunshine Ice Cream Parlor — she had a position in New Orleans, but decided she didn't care for life in the big city. Members of the Junior Auxiliary of the American Legion picnicked on the beach Thursday — hostesses were their mothers.

More reports on how local girls and boys are spending their vacations — Mildred Parker has a summer job and is teaching her brother to play tennis after work. Judy Berns loves California — she said that Disneyland is fabulous — she and family ate at the Brown Derby and glimpsed Polly Bergen, Kirk Douglas, Gregory Peck, Anne Funicello and Tommy Sands who were also dining there. Carolyn Daniels has been doing lots of crabbing and practices on her trumpet daily.

Terry Favre, U. S. Air Force, who has been stationed in the Philippines is spending a leave with his parents, Mr. and Mrs. Gerald Favre. Linda Mazarakis and Kathleen Schaeffer thoroughly enjoyed Girls' State in Jackson last week. Kathleen plans to attend A. M. A. T. Youth Leadership school in Pleasantville, Tenn., July 10-15. Carol Western is another who assisted at Vacation Bible School, as did Ann Clark.

Oldest daughter, Paula, writes that she's having fun in the hills of Tennessee fishing, swimming, frog hunting (they caught more snakes than frogs — ugh) and giving Cat clarinet lessons. She requests that I urge all of her friends to write her. I don't!

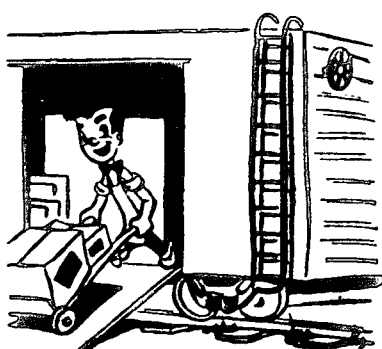

Aldar boys from St. Clare's had a wonderful time at the barbecue and swimming party hosted by Mr. and Mrs. Sterling Balaski Sunday. Gene Perry was in such a hurry to swim that he ended up in the pool fully dressed — of course some of his pals had something to do with the dunking.

## LIFE ALONG PEARL RIVER

By HENRY OTIS Phone 2864

Mrs. W. J. Beland of Bay

St. Louis is spending a few days

with her son and daughter-in-law,

Mr. and Mrs. Oscar Beland of

Logansport.

Mr. and Mrs. Bill Ruffin and

family visited her sister, Mrs.

Nellie Mae Griffin and family,

in Agler, La., Sunday.

Mr. and Mrs. Forrest Sum-

mers, Miss Annie Summers, and

Miss Lillie Belle Wright spent

Wednesday afternoon in New Or-

leans.

David Henry of Sardis, visit-

ing his grandmother, Mrs. Pauline

Weston, recently.

Mrs. Gladys Baxter, accom-

panied by her son, Roy Baxter,

were Sunday guests of her

father and son-in-law, Mr. and

Mrs. Ed Larroux in Bay St. Louis.

Her son, Bobby, is employed in off-

shore oil work, is home for a few

days.

Rev. and Mrs. Bertist Rouse

and family, and Henry L. Otis

spent most of last week in Jack-

son at the Annual Conference of

the Methodist Church. The

Rouses visited Rev. and Mrs.

Luther Hart, and Mr. Otis visit-

ed his aunt and uncle, Mr. and

Mrs. C. L. Weston and family.

Mr. and Mrs. Rouse have been

appointed to the Dixie Church, near Mis-

sissippi Southern College, so he

will be able to continue his high-

er education. The Rouses left for

their new charge Thursday, her

sister, Hilda Slay of Lucedale,

helping them pack. Rev. P. E.

Hutch, formerly science teacher at

Gulfport High School, who has

recently been accepted in the

ministry, will be the new

pastor at the Logtown-Pearling-

ton churches, and will preach his

first sermon Sunday.

Rev. Rouse and Henry Otis,

adult counselor, accompanied by

seven members of the Logtown-

Pearlington MYF attended the

monthly subdistrict meeting of

the organization at the Clermont

Harbor church Tuesday night.

those details and advise the board

when it reconvenes this Saturday

so it may seek bids.

After that discussion Keller

restated his motion to approve

the sale and Powell seconded it

with the condition that proceeds

could be used anywhere.

Seals' appointment came after

Milton Stoufflet presented ap-  
plication from patrons in the Gulf-

view school district calling on the

board to name him to fill the

vacancy created by the resigna-

tion of Paul Langhorne. McCarty

gave his recommendation to the

action and Otis offered the

motion, seconded by Keller

transferring Seals from his pre-

sent assignment at North Central.

Seals was principal at Gulf-

view previously from 1948

to 1955, moving then to Kiln

School where he taught for four

years and was principal the last

one and a half years before taking

up his most recent post at North

Central. He received his BS in

education from Mississippi

Southern College in 1958 and has

taught at various other schools

in Hancock County as well as

Harrison and Jackson Counties.

The superintendent disclosed

plans to purchase two or three

new school buses for the 1961-

62 season when a delegation of

parents from the North Central

area appeared to complain that

they live only 4.9 miles from the

school but their children had to

travel an arduous route to get to

classes under the present routes.

McCarty noted the system

provided five new buses last year

(three through private con-

tractors and two county bought).

If the parents will cooperate, he de-

clared, there will be more new

buses. He noted the cost to the

board of paying a bus driver

\$80 a month whether he trans-

ports 21 pupils or 66 in the new

buses.

Claude Renfro, newly named

football coach and social studies

teacher at North Central, sug-

gested that installation of blea-

chers and lights for the gridiron

would bolster football interest at

the school. Trustees noted tight

finances and agreed to seek

funds for the lighting. Powell

said he was interested in getting

uniforms for the band.

Renfro also discussed plans

for preparing the football field

and was told to make arrange-

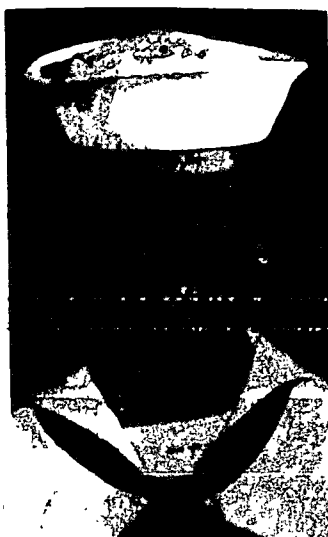

ments.

McCarty and Leo Rouse,

North Central principal, report-

ed they are making a list of

material supplies for next year.

JAMES D. NECAISE

## J.D. Necaise Wins Honors At Boot Camp

Apprentice Airman James D. Necaise was feted by his parents, Mr. and Mrs. Forest J. Necaise, with a family picnic-style dinner at their home on Waveland Avenue Sunday, June 10, prior to his departure for his next station with the Navy at Chase Field, Beville, Tex.

Present for the occasion were his grandmother, Mrs. Mary Necaise, Mr. and Mrs. Buford Frierson and sons, Reggie, Charles and Larry of Piquette; Mr. and Mrs. Bob Welch and children, Jon and Jane; Miss June Witt, all of Carriere, and Dennis' sister, Mrs. Ernest Pollion, Mr. Pollion and children of Bay St. Louis.

Dennis was graduated from boot camp at San Diego, Calif., May 10 and spent a 14-day leave with his parents before leaving for Chase Field June 14 where he will be attached to a bomber squadron.

At San Diego he was attached to Co. 123, honor company at the graduation, and received the academic award. He was selected to serve on the color guard which was in charge of all parades on the base and given the rating of third class petty officer.

Mr. and Mrs. David Garcia, a girl, weighing 6 lbs. 2 oz., born in a New Orleans hospital late Monday. Maternal grandparents are Mr. and Mrs. Mel Villere of Waveland. Paternal grandparents are Mr. and Mrs. Lloyd Garcia of Clermont Harbor.

## Supervisors.

(Cont. from Page 1.)

\$1.50 a day cost \$1,135.50 while last month, May, was 935 days at \$1,402.50, a total of \$2,538.

"That's nearly as much as a whole year used to be," he commented.

Hubbard and Necaise then queried him on transportation costs and he tallied those of May, finding them at \$261.40.

The monetary discussion wound up with Hubbard voicing concern about turning the \$9,000 check for the recent 16th Section land mineral lease to the county board of education when it has not yet paid on its transportation notes overdue to the board. Laddner explained that the money had to go through those channels and the school system could have to make out its own check to the supervisors. Hubbard recalled that Walter J. Phillips, attorney for the school board, had said the budget provided \$8,000 for repayment of loans.

In order to use as much as possible of the \$1,900 in the other current costs fund which will revert to the state if not spent by the close of the board's fiscal year June 30.

The superintendent was authorized to attend the education administrators conference at the University of Mississippi this week. He said he plans to stop by Senatobia enroute in the hope of securing two head of cattle for use in the vocational agriculture department at North Central.

THE WAY - The heavy, blue-black to grey clouds repeating their dull hues in the water-the groups that will gather to watch almost anything from a softball game in the school yard to a truck bogged in the mud and the late sunsets (when there is a sun visible) making it so difficult to come inside and cook when the out-of-doors is so inviting-the sound of water, water everywhere-pouring, then sprinkling and finally slowly dripping from the sodden leaves.

Mr. and Mrs. Frank Simmons had as guests on Father's Day their son and daughter-in-law, Mr. and Mrs. Lee Simmons, and Mr. and Mrs. Harry Cole of New Orleans.

Robert Richmond, wife Bernice and son Shael were guests of Mr. and Mrs. L. B. Richmond on that occasion and were accompanied by Bernice's parents Mr. and Mrs. H. Pallet of New Orleans.

Mr. and Mrs. Frank Corcoran, Frank, Jr., and Mrs. T. Rooney attended the ordination of their nephew, Rev. Martin M. Mulvihill, S. J., at Spring Hill Seminary in Mobile June 14. Father Mulvihill said his first mass last Sunday at St. Christopher's Church in Meridre, La.

A phone call from Mrs. Roland Flick announced the good news that she and husband are the proud grandparents of little Ronald III born May 12 to Mr. and Mrs. Ronald Flick, Jr., of New Orleans. Guests of Mr. and Mrs. Flick Wednesday last were Mr. and Mrs. James Bolson of New Orleans.

Mrs. Corline Fleetwood Langhoff, formerly of Clermont, phoned from Cedar Point that she had returned by jet last week after a six-month absence during which she was the guest of her son, Charles Fleetwood, and daughter-in-law in Odenton, Md., and her son-in-law and daughter, Mr. and Mrs. Robert L. Jones in Dover, Del. Her daughter, Mrs. Norvel Makofsky of New Orleans met her at the airport and returned with her to the Bay for a few week's visit.

## Hobbies

Mrs. C. E. Allen has a lovely hobby—that of making monograms of rick-rack braid and embroidery—and braided rugs for the floor. . . and Norma Burdick makes the most beautiful quilts, some of old patterns seldom seen any more. I ran into Mae Beyer coming out of Garcia's the other day; she was stuffing the 'long green' into her bill fold, having just disposed of some of her luscious hobby-pratness.

The lot on which the Mary Lou cottage stands was given to Mary Rousseau by her father a number of years ago (not her grandmother) after Mary had the cottage built her father christened it the Mary Lou his favorite name for his daughter.

Mr. and Mrs. Charles Burdick had their grandson, Eddie J., son of Mr. and Mrs. Edward Sutton of Algiers La., visiting last week; they motored to Pollock, La. early this week to place him in Camp Hardner where he will vacation for two weeks.

Congratulations are extended to Rose and Sock Richmond who celebrated their 40th anniversary on June 9. . . Coming over from New Orleans to help them observe the occasion were Mr. and Mrs. William Kleinfeldt and Mr. and Mrs. Gaul Goldstein, a few close friends in Clermont dropped in to extend their good wishes also.

## Name Plates

Last week Mr. and Mrs. Walter McElroy of Shreveport, La., came to visit Mrs. McElroy's sister, Rosemary Hungeate, with a station wagon packed to capacity with gifts for the new house on Water Street among which was a wrought iron post and nameplate to be erected near the entrance Rosies Retreat it says for all to see.

Among some of the names of places sent in, I find some humorous tales accompanying them which I shall relate later—BE CAREFUL in making selection of a name—it may have to be taken down. . . as for example — "Where are the machines?" asked a lady with a bundle. "What machines?" replied the lady of the house. "The washing machines," replied the lady. "I've been driving all over Clermont looking for Brink's Laundry," "Brink's Laundry" shrieked Ruth—thus the sign bearing her mother's name Brink and her name Landry Brink-Landry came down before you could ask "What next?"

## KC Notes

Sunburn is an inflammation of the skin caused by exposure to the sun's rays. A suntan may be healthful but a sunburn can be serious; the victim may suffer severe pain and have a fever. Even on a cloudy day it is possible to get a first or second degree burn from sun rays filtered through the clouds.

To obtain a smooth, healthful tan your druggist has many preparations one of which will be suitable for your needs. Sunburn can be prevented by gradual exposure to the sun and by application of one of these products. If you should become sunburned, consult your physician.

Excitement and activity prevailed Sunday afternoon at Bay Bowling Center as four new lanes were opened to the public. The new lanes are equipped with all feature of the other six alleys and also include Brunswick Pin Finders.

NEWEST SPORT AROUND - These were among the dozens of young people who attended the opening of the Rt. 66 Go-Kart track on U. S. 90 last weekend as interest in the sport quickens here. Bay Go-Kart Speedway opened earlier in the spring.

## Power Kids Dump 7-Up, Diggers Upset Sheriffs

Coast Electric came from three runs behind in the final inning Tuesday night to upset 7-Up 5-4 in the second game of a 10-12 age group Little League doubleheader.

The Junior Sheriffs tightened their grip on first place with a 12-0 victory over Ken's Little Diggers in the first game, sweet revenge for the Sheriffs who three days earlier had suffered their first loss of the year at the hands of the Diggers.

Coast Electric outfielder George Kearney was hit by a pitched ball with one out, the score tied, and the bases loaded on the bottom of the third and final inning. Second baseman M. J. Rhodes came home with the

winning run on the play. Monti Rhodes went the distance on the mound for the Coast Electric Kids in getting credit for the win. Anthony Ladner, the second of three 7-Up pitchers was charged with the loss. Ladner relieved starter Al Jacobi and was in turn relieved by Pat Cullen.

Triples by Dean Taylor, Aggie Orr, and cleanup hitter Danny Krankey led the Sheriffs to their win. An eight-run first inning proved disastrous to the Diggers. The Sheriffs added one more in the second and three in the third. Taylor, a southpaw, went the route in getting the win. Starter Don Ladner took the defeat.

In a Friday game, the Sheriffs again had a big first and ran away with a 12-4 victory over Coast Electric. Mike Collier was the winning pitcher for the Sheriffs and aided his cause by cracking a grand-slam home run. David Compretta started for Coast Electric and was charged with the loss. He needed relief from Monti Rhodes.

In the second game of the night's doubleheader, Ken's Little Diggers took a victory over 7-Up.

In the lone Saturday game, the Diggers sprang the heaviest upset of the season when they

downed the Junior Sheriffs 6-0. Tomorrow night's doubleheader pits 7-Up against the Junior Sheriffs in the first game and Coast Electric against Ken's Little Diggers in the finale.

## Reinike Holds 2nd Spot

Displaying a powerful offense, Reinike moved into undisputed possession of 2nd place in the Bay St. Louis Softball League with a 14-1 victory over Krankey's in the first game of a doubleheader Friday night. The Knights of Columbus romped to a 13-3 win over Coast Electric in the nightcap.

The KC's, showing unexpected power, got off to a good start and coasted to their triumph. Bert Stiefel homered to lead the attack. It was the first win of the season for the KC's who have dropped four. Coast Electric took their third loss against two victories. Tur Monti was the winning hurler for the KC's while Cecil Ladner was charged with the loss.

In another one-sided contest, a game which beforehand had figured to be close, Reinike also coasted to victory. It was the fourth win of the year for Reinike's against one loss and the second defeat for Krankey's, who have won three. Lucus Pucheu went the distance in posting the victory while Bruce Favre was the loser.

A scheduled doubleheader Monday between Tropini and the KC's and Klyn Youth Center vs. Krankey was postponed because of rain and will be rescheduled later.

Tomorrow night's doubleheader pits Southern Realty vs. Coast Electric and Reinike vs. the Old Stars. Starting time for the first game will be 8 p.m.

### Choppy But Good

BY GIAMETTA

Even though the water was a little choppy this week fishing is still at its best. Specks are hitting almost anything, dead or live bait and also lures.

With all the rain we have been having fresh water streams and bays are turning a little muddy, and green trout and perch are going to clearer water. One of the best places to find green trout following a heavy rain is around the entrance or mouth of small bays. It is also a good spot for those big lunkers who seek cooler water in summer.

Soft shell crabs and flounder spearkers have practically been ruined out. As far as we know there haven't been any catches reported.

Attention all you anglers, don't forget that fishing licenses expire at the end of this month.

### Early Birds

Jean Larroux reports that Mr. and Mrs. Charles Hayes, 120 Leopol St., arose at 3 a.m. to go fishing on the cur bridge. They visited patiently until 7 a.m. Then everything started biting, their total catch was 17 catfish, a lot of croakers and a hamper of crabs.

Game Warden Noland Ladner tells us that Mayor John Scaffie, Alden Maffray and young John Scaffie caught a nice string of perch and a few green trout up Pearl River last week.

A. G. Dantagnon took two of his buddies from Middletown, Ohio, Gayle Smith and Gene Graham, fishing last Monday. They caught 75 yellow mouth specks. The visitors were amazed at how the fish bite down here.

Raul Telbard caught 27 big specks off the train bridge the other day. He said the biggest one weighed in at 3 1/4 pounds.

### Beginners Luck

Wesley Chiniche, a frequent visitor from Biloxi, caught his first green trout. It weighed in at 2 3/4 pounds. It was the first time he had ever been fresh water fishing and used a cane pole and worms.

Last week Bob Gendin, Don Blaize and Don Carr caught over 300 lbs. of red fish in the Herron Bay area. At least so we were told.

Elliot Casanova went up Pearl River last Sunday and caught a boat load of green trout and perch. He said the water was high and clear.

Bill Pinson of Bill's Fishing Camp said business was slow this week because of the rain and rough water.

Master Ozzie Blaize caught a four pound red fish off the seawall by Jackson Ridge. Brother Mike is ready for the next trip.

Jack Kramer and Camille Schoer caught seven big flounders off Grassy Point early Sunday morning. They were using side-winders and dead bait.

### Fishing Tips

When going on a fishing trip always carry your rod in the case because more rods have been broken by car doors than by fish. Inspect the hooks of your lures frequently to make sure that the points are sharp, dull hooks result in the loss of a fish.

Do not wear light colored clothes. This enables the fish to see you at a greater distance. When you get a strike, set the hook at once, quickly and forcibly, if not you will probably lose the fish.

## Don's Nips Moran's In Wild 6th Inning

A last inning rally fell three runs short Thursday night as Moran's dropped a 16-13 decision to Don's highlighting women's softball league activity.

The tight finale was in sharp contrast with the first game of the night which saw Our Lady of the Gulf run away with a 25-0 triumph over the Bay Independents.

Moran's had fallen behind early and trailed 16-6 starting the top of the sixth and final frame. The final out was made after seven runs had crossed the plate.

Shortfielder Hobbie Hobbs led her teammates in batting, showing a perfect 5-5 slate for the night. Joyce Gallaspie hit the game's only home run and had three other hits in as many trips to the plate.

Joyce Garcia was the winning pitcher for Don's while Birdie Gays Cameron was charged with the loss.

The first game was called after three innings because of the set time limit. Dale Sellier was the winner and Annie Dahl the loser. Scheduled games for Sunday were rained out and will be played at the end of the season.

Tonight's activity sees Don's playing OLG in the first game of a twin bill and Moran's meeting Jerome's in the nightcap. The latter should prove to be an exciting game as both Moran's and Jerome's own a share of the league lead along with Don's. All three have won three games and lost one thus far.

### 40 Enroll for Tennis

About 40 youngsters attended the opening session of tennis lessons last Friday night, announced Mrs. Theo Tudury, park and playgrounds director. The classes will be held on Friday nights at 7 p.m. on the courts adjacent to City Hall.

Mrs. Tudury also said she hopes the new lights for the courts will be ready for Friday.

Several adults have enrolled for instructions and a schedule will be worked out in the near future to accommodate them.

## Hamilton Captures District Sears Cup

Bay-Waveland skipper Bob Hamilton, Jr., scored a first and a third place in Sunday's final races to win the Western District Sears Cup eliminations held at Southern Yacht Club in New Orleans last weekend.

Hamilton scored a total of 13 1/2 points to edge Roy Troendle, Jr., of New Orleans for the championship. He was tied with Troendle for the lead Saturday with 7 1/4 points.

Crewing with the local skipper were Chuck Breath and Walter Chamberlain.

Hamilton won the right to represent the club in the eliminations by winning within the local club over several other junior skippers.

Hamilton was awarded a silver bowl with the name of the event engraved in it and by winning, earned the right to go to Biloxi July 29-30 for the Gulf Yachting Assn. quarter-finals of the Sears Cup.

The next round commences also at 2 p.m. with the winners of the 11 a.m. and noon games meeting, the winner advancing to meet the Mill-Creek-Nicholson victor at 3 p.m. The Santa Rosa-Logtown winner tangles with the Riff-Raff-Pearl River winner at the same time and at 4 p.m. Picayune Independents meet that victor. Finals are set for 5 p.m.

Three new teams, Smitty's Cafe, Mill Creek and Pearl River, La., have recently joined the Pearl River league. No games were played last Sunday because of rain.

## "I WONDER WHY OUR ELECTRIC BILL'S GONE UP?"

Beg pardon, madam, but aren't you enjoying the big reason why? Over there in the window. Isn't that air conditioner new this summer?

Naturally, every time you get some new electric servant you use more electricity. Naturally, your bill's going to be a little higher. But

remember these important facts:

First, you do use more electricity for the simple reason that it's about the most efficient and dependable servant you can get! Second, the more electricity you use, the less you pay for it per average kilowatt-hour.

Can you think of a bigger bargain?

## Scoops Squeak Past YC

After getting off to a fast start, the Sea Coast Echo Scoops barely squeaked by Youth Center Tuesday afternoon 7-5 for their third win of the year in the older Little League play. They have lost none and over the past two seasons the game marked the 10th consecutive win for the Scoops.

Scoop pitcher Danny Henry pitched beautifully for five innings, then had to work his way out of serious trouble in the final two frames.

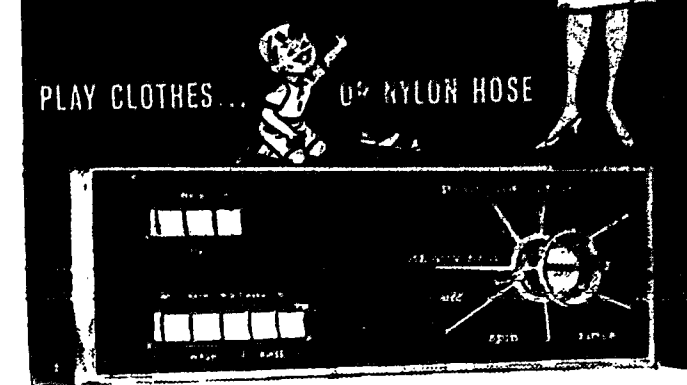

Singles by Collier and Weidman and a Scoop error gave Youth Center a 1-0 lead in the top of the second, but the Scoops scored four in the third aided by four bases on balls.

Youth Center scored a second run in the fourth as Cuevas drove Weidman home, and threatened again in the fifth loading the bases with only one out before Henry came through in the clutch with a pair of timely strikeouts.

Bar-tat singles by Johnny Penton, Harvey Mitchell, and Lonnie Schultz gave the Scoops two big insurance runs in the fifth.

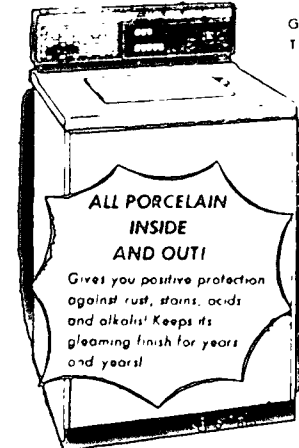

Youth Center scored one in the sixth but a sacrifice fly by Chuck Wagner matched the run in the bottom of the sixth. Cuevas drove home two more runs for Youth Center in the seventh but Henry put down the rally to preserve the triumph.

All other games in this age group were rained out.
